		6 chome	Wed. Sat.	1st, 3rd Mon.	Tue.	Wed.	Wed.

Incombustible waste is collected twice a month.

- There is no incombustible waste collection on the fifth designated weekday.

For example, in the calendar at left, if incombustible waste is collected on the first and third Mondays, the collection dates are the 6th and 20th.

Note: The 29th through 31st are the fifth occurrence of their respective weekdays, so incombustible waste is not collected on those dates.

Rules for Recyclables and Waste Collection

1. Please sort your recyclable resources and waste according to type. Items that are not sorted properly will not be collected.
2. Please take your combustible waste, incombustible waste, plastic items, and used paper to the collection site by 8 a.m. Please take bottles, cans and plastic bottles to the collection site by 9 a.m.
3. Please do not leave items other than recyclables and waste at the collection site.
4. You will be charged a fee if you dispose of more than three 45-liter bags of garbage at one time.

Inquiries

For more information about categories 1 through 5, please contact the following offices:
If you live within postal code 176 or 179:
Nerima Waste Collection Office,
phone 03-3992-7141
If you live within postal code 177 or 178:
Shakujii Waste Collection Office,
phone 03-3928-1353

For more information about categories 67 through 10:
Please call the Cleaning and Recycling Section at
phone 03-5984-1097

1

Twice a week Combustible (Burnable) Waste

Day of the week

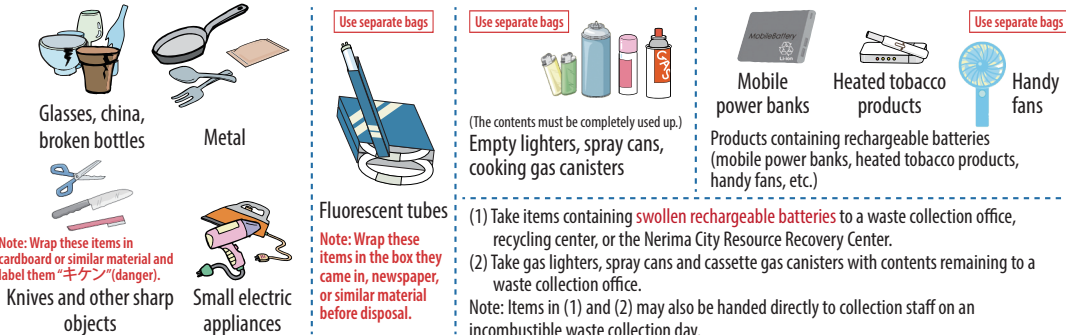

- If an item has both burnable and metal elements, please disassemble and separate the burnable portions (cloth, plastics and others) from the metal portions to the degree possible.
- Sharp objects such as skewers should be wrapped with paper or something similar and marked as “キケン (danger).”

2

Twice a month Incombustible (Nonburnable) Waste

Day of the week in a month

- (1) Take items containing **swollen rechargeable batteries** to a waste collection office, recycling center, or the Nerima City Resource Recovery Center.
 - (2) Take gas lighters, spray cans and cassette gas canisters with contents remaining to a waste collection office.
- Note: Items in (1) and (2) may also be handed directly to collection staff on an incombustible waste collection day.

3

Once a week Plastic items

Day of the week

● Plastic Containers and Wrapping

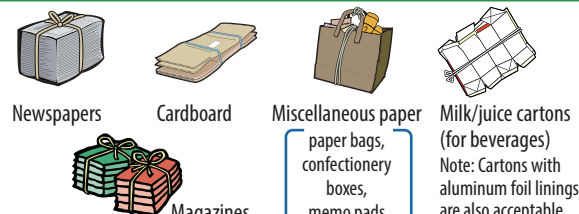

Note: Your items will be collected even if they contain small amounts of other materials.

Please rinse items.
Note: Please dispose of soiled items that cannot be washed clean along with your combustible waste.

4

Once a week Used Paper

Day of the week

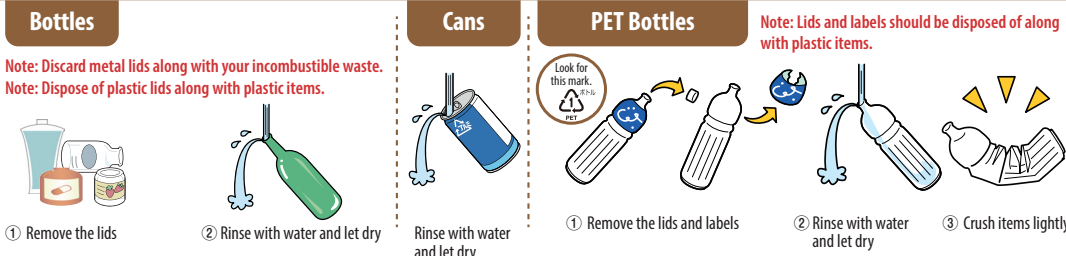

Bundle these with string by type before disposal. Small note papers and small paper boxes can be included into magazines or paper bags (but not plastic-coated one). Please remove the plastic portion from mixed products—such as tissue paper boxes and envelopes with clear windows—before disposal.

5

Once a week Bottles and Cans PET Bottles For food and drink

Day of the week

Bottles and cans that are dirty or have oil, chemicals or other substances inside them will not be collected.

Please pack them in a transparent or semitransparent bag and bring them to the collection site.

Please put the following items in separate bags:
- Fluorescent tubes
- Items containing rechargeable batteries
- Lighters
- Spray cans
- Cooking gas canisters

Place plastic products in the same bag as plastic containers and packaging. Do not place small bags inside a larger bag; put out small bags as they are.

Please bring them to the collection site.

On the morning items are collected, please place them in the net container bag the city supplies. (Please do so quietly.)

6 Recyclable Resources

Used Clothing

Collection site

Date and time of collection

○ Acceptable Items

All items that you wear, such as jeans, shirts and underwear; blankets; bedsheets, etc.

✗ Unacceptable Items

Soiled items, carpets, futon, bags, shoes, items containing cotton filling, clothing with electric fans, etc.

- Please wash or otherwise clean them.
- Please put them in a transparent or semitransparent bag before disposal.

Note: For collection locations and times, please refer to the booklet “How to Separate and Dispose of Recyclable Resources and Waste in Nerima City.”

Please bring your items to the designated collection site at the specified time.

7 Recyclable Resources

Used Cooking Oil

Collection site

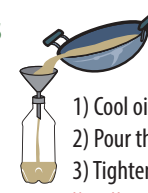

Date and time of collection

○ Acceptable Items

Vegetable oil (such as salad oil, sesame oil, and olive oil)

✗ Unacceptable Items

Animal oil such as lard, dressing, soy sauce, palm oil, kerosene, engine oil, solidified oil, etc.

- 1) Cool oil safely
- 2) Pour the oil into a PET bottle
- 3) Tighten the lid

Note: Unopened products can be disposed as-is.

Note: For collection locations and times, please refer to the booklet “How to Separate and Dispose of Recyclable Resources and Waste in Nerima City.”

Put your items in the collection container at the collection site on the designated date and time. (Some locations have permanent collection points.)

8 Recyclable Resources

Batteries

Collection site

Please put batteries in a collection box at a city facility, collaborating store or electronics store.

- Notes:
1. For collection locations and times, please refer to the booklet “How to Separate and Dispose of Recyclable Resources and Waste in Nerima City.”
 2. Cover both battery terminals with tape or similar material to insulate them before disposal.
 3. If you can't dispose of batteries in a collection box, please insulate them and dispose of them with incombustible waste.

9 Recyclable Resources

Rechargeable batteries

Collection site

The Japan Battery Recycling Center collects rechargeable batteries for recycling. Place them in a rechargeable battery recycling box (see the example in the photo at right) set up at electronics stores, supermarkets and other locations in Nerima City. These boxes are also available at the first-floor entrance of the Nerima City Office west building, the Nerima City Resource Recovery Center, and the recycling centers in Toyotama, Kasugacho, Sekimachi and Ozumi.

Note: Cover both battery terminals with tape or similar material to insulate them before disposal. If you cannot take the batteries to a collection location, please insulate them and dispose of them with your incombustible waste. If a rechargeable battery is swollen, please refer to the “Incombustible Waste” section.

10 Recyclable Resources

Small Household Appliances (13 items)

Collection site

Note: For collection locations and times, please refer to the booklet “How to Separate and Dispose of Recyclable Resources and Waste in Nerima City.”

We do not collect

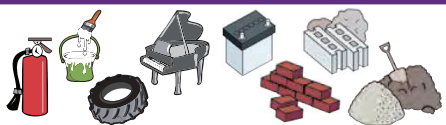

Toxic or Harmful Substances

Petroleum products, chemicals, paints, automotive batteries (lead-acid batteries), etc.

Items the City Cannot Transport or Process

Tires, pianos, fire extinguishers, stones, dirt, sand, concrete blocks, concrete chips, etc.

Please contact the manufacturer where you purchased the item, or a specialized company.

The city will not collect these.

You will have to pay recycling and collection fees.

Personal Computers

Personal computer manufacturers collect used computers and recycle them. Please contact the manufacturer that made yours for information on collection procedures. If the manufacturer of your computer is not clear, please call

the PC3R Promotion Association
(Tel: 03-5282-7685).

Air Conditioners, Televisions, Refrigerators, Deep Freezers, Washing Machines, Dryers

Ask the store where you are purchasing a replacement or the store where you purchased the appliance you are disposing of to collect it. If you have no option to arrange collection, please contact the:

Home Appliance Recycle Center
Tel: 0570-087200 (Navi Dial)

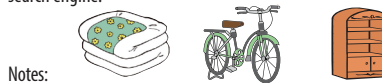

Large-Sized Waste Reception Center

Tel: 03-5703-5399

Open from Monday through Saturday (except during the year-end and New Year's holidays), 8 a.m. to 7 p.m.

You can also apply via the Internet on a 24-hour basis. Type Nerima City “粗大ごみ (Large-Sized Waste)” in the search engine.

- Notes:
1. Some large-sized waste items are recyclable.
 2. Even if you disassemble or cut these items, they are still considered large-sized waste.

Recyclable Resources and

You can also get information related to recyclables and waste via the Nerima City Resource and Waste Sorting App!
