

Support Benefit for soaring prices (payment of shortfall amount)

Eligible person

Those who satisfy either ① or ②.

① Those who received an adjustment payment* of the flat-amount cut of FY2024, and its amount fell short of the amount calculated after the final tax return.

*Benefits that were already paid to those who were registered in Nerima as of January 1st, 2024 and the full amount of flat-amount cut of personal income tax could not be deducted.

② Those who satisfy all the following requirements.

- Those whose income tax amount for 2024 and income-based portion of resident tax amount for FY2024 were both zero. (Those who are not qualified for flat-amount cut of personal income tax.)
- Those who are not qualified as “dependents” under the tax system (e.g. family employees of blue return taxpayer and white return taxpayer; those whose total income after relevant deductions is over 480,000 yen.)
- Those who are not the head or member of a household eligible for benefits for low-income households (Benefits*-70,000 yen or 100,000 yen – which were paid to households exempt from resident tax or only charged with per-capita portion of resident tax for FY2023 and FY2024.)

*This benefit was given under the names of “Support Benefit for Price Soaring in Electricity, Gas, Food and etc.” and “Additional
